根据圣奥家具研究中心2008年上半年的调查数据显示，都市普通人群(高达52.3%)，平均每天在办公室的时间超过8小时，也就是说，每天至少会有1/3时间与工位形影不离……

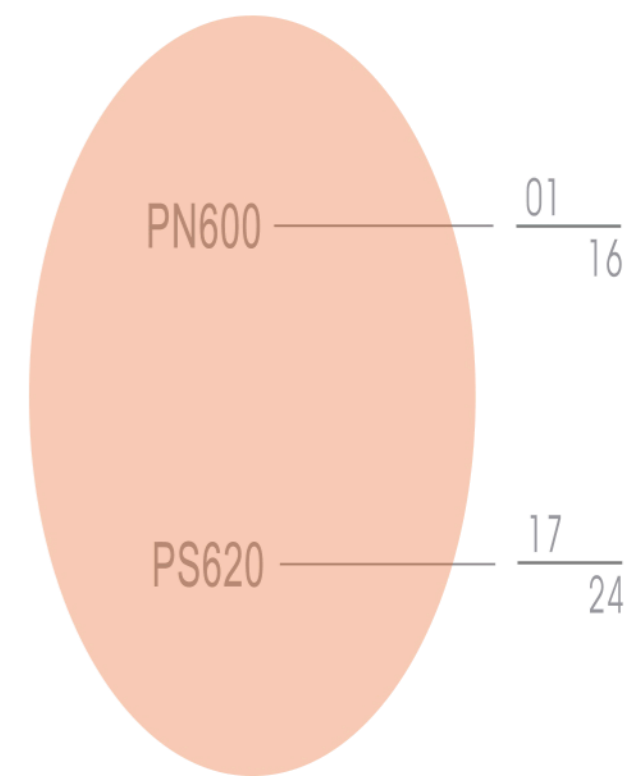

另一则数据调查显示，办公室的人均拥有面积，平均为2.3平米……

于是，工位的设计便成为了一个备受关注的议题。遵循人体工程学原则，结构合理，功能完善，健康环保，高重复使用率，且兼具一定的美学欣赏性成为了设计要点。而，不同的行业，不同的职业，不同的使用区域又对办公位提出不同的要求。在这种背景下，圣奥办公屏风系列工位应运而生。遵循使用者的需求为第一设计要求进行创意，同时融入最新的流行工艺来表达各种功能设计，致力于将都市人群的8小时工作人生打造成享受之旅。

According to the survey which has done by SUNON furniture Research Center in the first half of 2008, shows that about 52.3% respondents spend more than 8hs in office on average.

That is, they have to company with office furniture for at least 1 / 3 of day. Another survey shows the average area for one person is about 2.3 M².

Thus, the furniture design has become a topic of concern. Follow the principles of ergonomics, rational structure, perfect functions, healthy and environmental protection and aesthetics, all became the points of design. Another problem is different industries, different job, different regions have different requirements. In this context, SUNON's screen series of work stations came into being. Taking user's needs as the design principles, meeting the functional requirement by popular technologies, all of those is in order to make the office time to be pleasure.

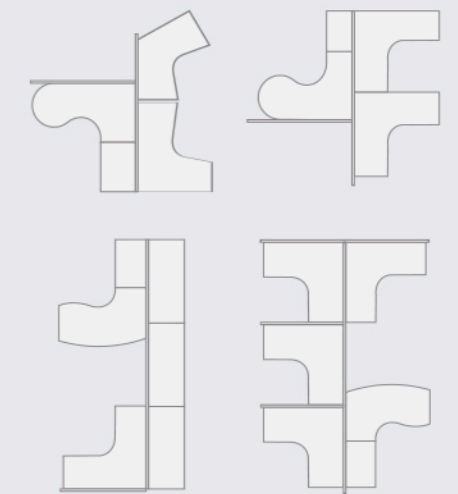

圣奥屏风家族的PN600系列，属于屏风厚度较厚的一款产品，有扞布板、玻璃、磁性白板等多种材质可供选择，也可多种材质进行混合使用。功能性也是本款产品的突出特点之一，具有良好的空间隔断与功能，自带吊挂式书架。

Panel Series

When many,
we are pondering

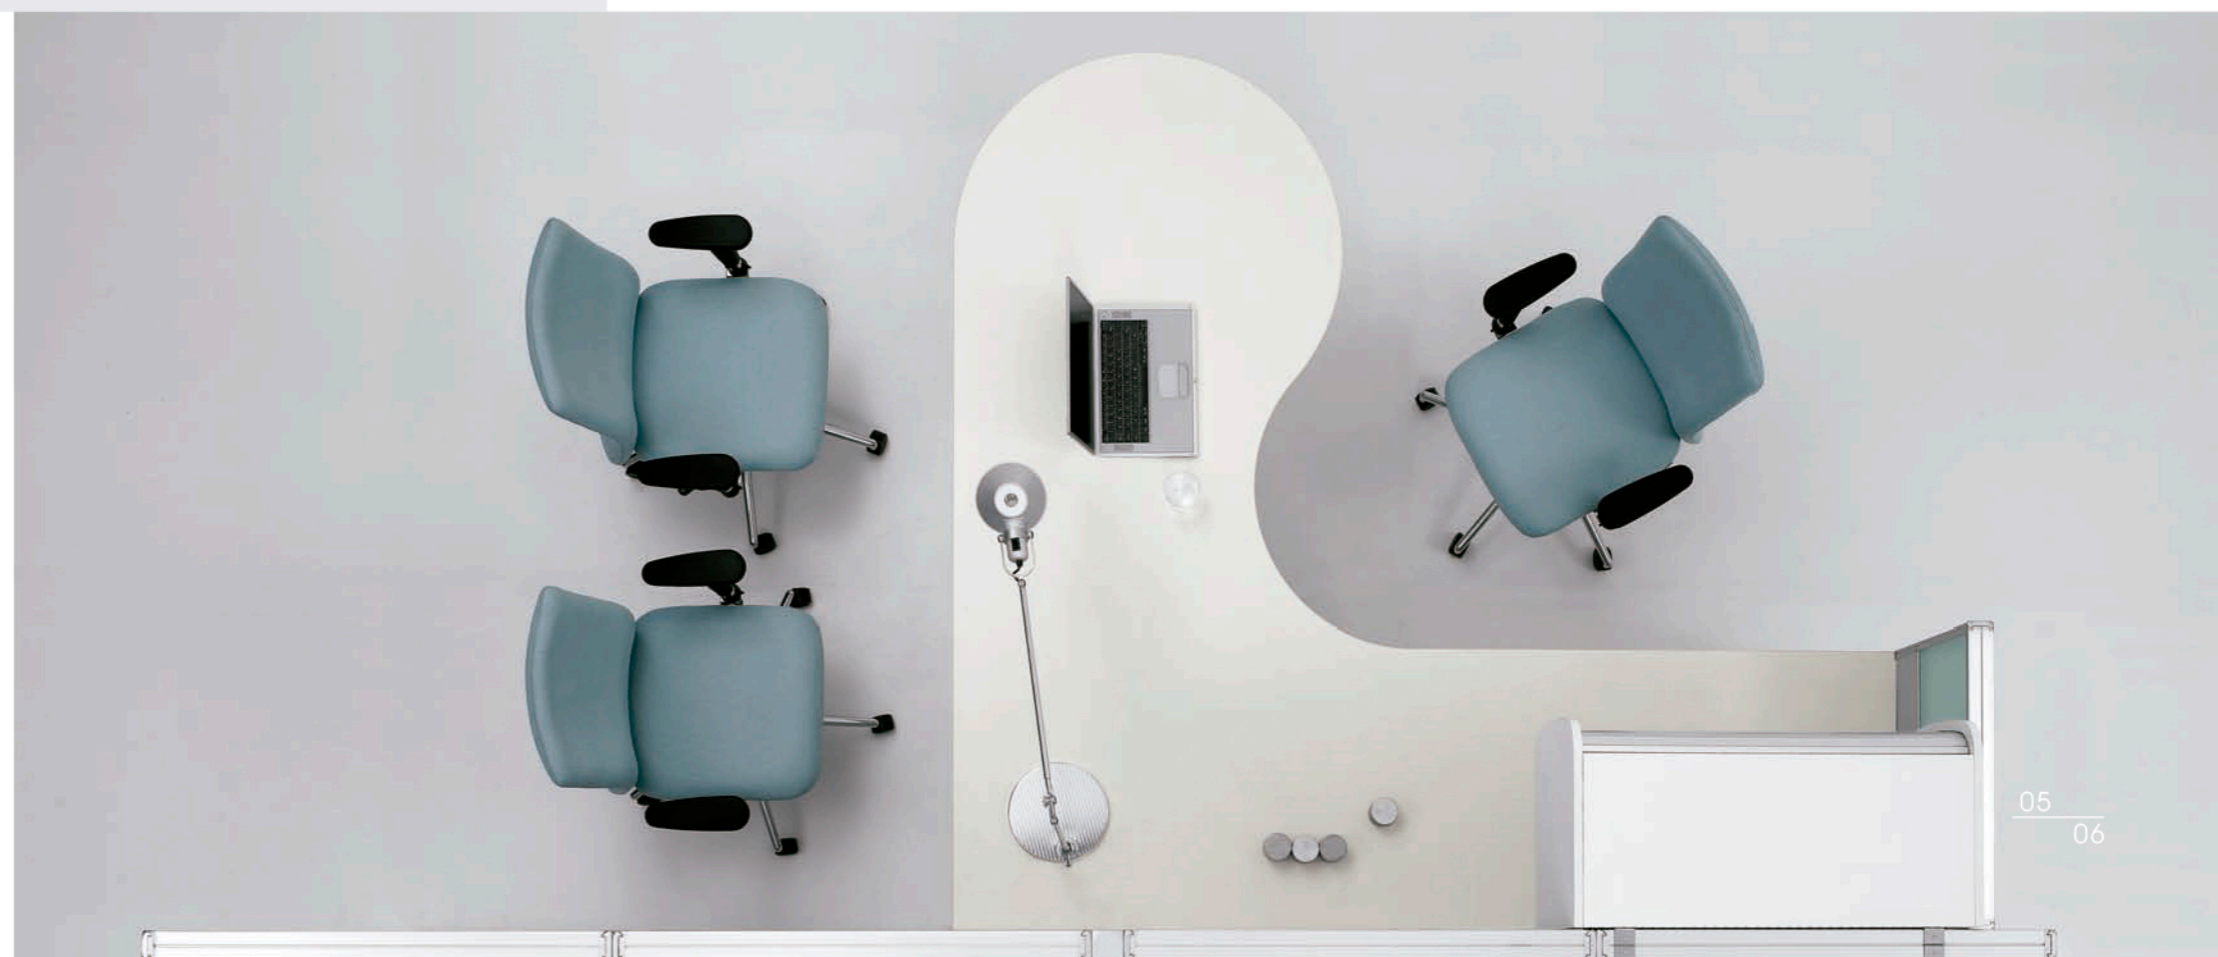

将PN600进行放大观察，我们会发现这些东西——

- 1、吊挂式书柜，配以卷帘门，安全使用的同时，科技感十足。
- 2、屏风主管位，日常使用时，它作为桌面整体的一部分，可增加有效使用面积。有访客时，可作为洽谈桌使用，营造和谐的洽谈氛围。
- 3、磁性板屏风，我们推荐的磁性板屏风可让您进行日常的备注作业，您也可根据需要选择其他的材质进行替换。
- 4、走线系统，将走线融于屏风板是屏风工位的设计方式之一，PN600延续此设计，并在细节处进行雕琢，让使用更趋人性化。

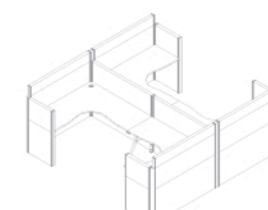

Observing PN600 carefully, you can find the following advantages:

1. Hanging-style bookshelf, high-quality shutter door, safe for your use, and gives the high-tech feeling.
2. Executive table, it can be used as a part of the desk in daily work, adding the available area, and also can be used as the talking table when a customer come, constructing an conversation environment.
3. Magnetic screen, we recommend it for it can supply you with an area to make daily remarks.
4. Wiring system. Arrange wires in the screen is a tradition in screen design. PN600 inherits this and concentrating on the details, adding more humanization to this series.
